This social theory text combines the structure of a print reader with the ability to tailor the course via an extensive interactive website. Readings from important classical and contemporary theorists are placed in conversation with one another through core themes—the puzzle of social order, the dark side of modernity, identity, etc.

Social Theory Re-Wired | Taylor & Francis Group

This text strives to reach a median between these two approaches. First, I believe that students need to learn the theory and models to understand how economists understand the world. I also think these ideas are accessible to most students if they are explained thoroughly. This text presents numerous models in some detail, not by employing advanced mathematics, but rather by walking students ...
