Chapter 25 The Industrial Revolution

I. Introduction. In the early years of the nineteenth century, Americans' endless commercial ambition—what one Baltimore paper in 1815 called an “almost universal ambition to get forward”—remade the nation. 1 Between the Revolution and the Civil War, an old subsistence world died and a new more-commercial nation was born. Americans integrated the technologies of the Industrial ...

colonial days, with local craftsmen providing for their communities.

The Rise of American Industry [ushistory.org]

1. Introduction. Within the span of a few decades from the late 19th to the early 20th century, the United States was transformed from a predominately rural agrarian society to an industrial economy centered in large metropolitan cities. Prior to the American industrial revolution, most Americans were reared in largely isolated agricultural households and small towns that were linked to the ...
