Hypnosis is a great way to battle many different problems including addiction, anxiety, and even obsessive compulsive disorder. One of the first questions that usually comes up when talking about hypnosis is how to hypnotize someone. The truth is that it's very easy to put a willing person into hypnosis, even if you've never hypnotized someone with the progressive relaxation induction before.

Self-hypnosis is useful for boosting your confidence, encouraging yourself towards a healthier lifestyle and improving your performance. Follow these basic steps of self-hypnosis to help you move towards your desired goals: Think about what you want to achieve or change, and state your goal in a single sentence. Choose a place where you can be [...]

Simple Steps to Self-Hypnosis - dummies

I am used to the "for dummies" label being associated with practical guides for beginners, thus I hoped for this book to be an introductory guide to (self)hypnosis. Unfortunately it is not; what it is is a very precise, very punctual explanation of what hypnosis can and cannot do in reality (spoiler alert: it cannot provide you with an army of zombies.)
