Dna Webquest Answers Answer the questions. Sometimes it is difficult to carry out re-analyses or check due to the rate of response of some laboratory installations and the time allowed for the experiment. 1 shows a section of a DNA molecule.

Dna virtual lab answers

There are many types of cells. In biology class, you will usually work with plant-like cells and animal-like cells. We say "animal-like" because an animal type of cell could be anything from a tiny microorganism to a nerve cell in your brain. Biology classes often take out a microscope and look at single-celled microbes from pond water.
