Body Systems Lesson For Kids | Circulatory, Digestive ...

I begin this lesson by asking students to read an article on the muscular system. This article introduces students to the functions of the muscular system. As we read, I ask students to use the close read annotation symbols to mark important facts, new information, and information about which they have further questions. After the students have completed reading and text-marking the article, I provide them with time to share their text marks with the peers at their table groups.
