### My Faire Lady Laura Wettersten

My Faire Lady by Laura Vettersten follows Rowena who takes a summer job working at a Renaissance Faire as a face painter after a bad breakup. Ro is soon thrown back into the Renaissance where she meets hunky knight Christian and funny whip cracker Will. I really enjoyed this book.

### My Faire Lady by Laura Wettersten - Goodreads

You can easily tell that Ms. Wettersten did her research in order to accurately describe the details of a Renaissance Faire, and I love when authors make the story as true-to-life as possible! Rowena was a very charming character that was both realistic and relatable.

Normally, the sound of my mother's voice would have been enough motivation to get me to turn off the talk show I was watching and get off of the couch. Normally, I would have grabbed a book or picked up some sort of cleaning supply and acted like I was busy learning or making myself useful around the house.
