Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start.

First, as the title says, this is a crash course in Perl. It is not meant to be a comprehensive Perl reference, nor even a comprehensive introduction to Perl. Rather, it is intended to be a concise introduction aimed specifically at those with a good background of general computer knowledge.

Brent Yorgey Winter Study '03 - Williams College

Hash Crash Course. Nov 2, 2006 by Simon Cozens. When I teach about hashes, I do what most Perl tutors and tutorials do: I introduce the hash as a “dictionary”: a mapping between one thing and another.
