Although Schütze (1996) and Cowart (1997) are both critical of traditional Essentialist informal elicitation methods, their primary concern is to show how the claims of Essentialist linguistics can be made less vulnerable to legitimate complaints about informal data collection methods. Broadly speaking, they are friends of Essentialism.

Philosophy of Linguistics (Stanford Encyclopedia of ...

Squatting in Sudan is defined as the "acquisition and construction of land, within the city boundaries for the purpose of housing in contradiction to Urban Planning and Land laws and building regulations." These informal settlements arose in Khartoum from the 1920s onwards, swelling in the 1960s. By the 1980s, the government was clearing ...

This paper offers a critical examination of the nature of inequalities in relation to education and the pursuit of social justice. It argues that assessment of educational resources and measures such as school enrolment and educational achievement are limited in what they tell us about the injustices learners may experience.
