Scent to Kill on Apple Books

Blood Orange oil scent is one natural way to repel bed bugs from your house. Applying it on mattresses and bedding can send bed bugs away from those places. However, this does not happen instantly as it may take some time for the smell to get to the bugs.

10 Natural Scents That Keep Bed Bugs Away

When consumed, garlic's active ingredient, allicin, interferes with our natural scent and masks us from mosquitoes. However, garlic can be used to deter mosquitoes even without eating it. Cut garlic cloves into slivers and scatter them around your outdoor living areas, or combine with oils and other liquid ingredients to make a repellent spray for your yard.
