The 14th Five-Year Plan differs from past plans in that it also includes a short section on “long-range objectives” for 2035. Note that although this document is an “outline,” the PRC government has labeled the longest and most authoritative full versions of previous five-year plans it released as “outlines” as well.

As VR has hit the mainstream, much debate has arisen over its ethical complexities. Traditional moral responsibilities do not always translate to the digital world. One aspect we argue is essential to ethical responsibility for virtual reality is that VR solutions must integrate ethical analysis into the design process, and practice dissemination of best
